No profiling necessary

Reliable unattended printing

Compatible with OEM ink (Eco Ultra)

No Clog/Fast Drying Formula

Low odor solvents

Nazdar's Lyson® Series 2100 Ink is a true alternative to OEM Eco-Ultra ink set for the Mutoh ValueJet printer range. Our cartridges are 100% compatible and install just like your OEM cartridges. 2100 Series Ink is color matched to the current Eco Ultra ink sets, eliminating the need to profile. Unattended printing is safe and reliable with our no clog, fast drying formula. Our display longevity performance matches that of the OEM ink and, as with all Lyson® branded solutions, you will realize substantial cost savings over the OEM product.

You will find the Lyson® brand embedded in the history of nearly every inkjet printer manufacturer currently offering products to the market. Nazdar continues to enjoy the position as a preferred inks manufacturer to a number of OEM partners. As one of the most experienced ink development companies in the world, Nazdar offers more knowledge and R&D expertise than any other ink company in the market today.

Nazdar is known for products that are at the leading edge of color and performance in the ink jet world. While we continue to develop innovative new products, we are very aware of the market requirement for products that very simply match the characteristics of the OEM offering.

With the industry's strongest third party warranty, you'll take comfort in knowing that Nazdar stands behind every drop of Lyson® digital ink that it supplies.

Nazdar's warranty states that if Lyson® inks are ever proven responsible for the breakdown of a digital printer, Nazdar will provide reimbursement for the cost required to repair any damage to the ink train.

We proudly offer our Lyson® branded products as the most reliable and technically advanced in the industry. Keep an eye on Nazdar and the Lyson® brand as more new; innovative and essential products are sure to come.
